SE IT Java SLB Lab Experiment Writing Instructions

Experiment No: 08

Aim: Understand how to create and use user defined packages in Java

Theory:

Packages in Java

Learn more at : https://www.w3schools.com/java/java_packages.asp

[Summarize the content here in 1 and ½ page]

Problem Statement :

Create a class "Amount In Words" within a user defined package to convert the amount into words.

(Consider amount not to be more than 100000).

Implementation : Use following implementation [Use implementation available at:
https://github.com/profanup/JavaSBL2023/tree/main/codes/Module3/package_sample]

Explain Code : [Explain the code and how to create package and use it]

Conclusion : Thus we have learned how to create and use user defined packages in Java
